Report on activities of the Board of Directors

WSP – Classic Portfolio

Whereas the past twelve months were highly volatile for both developed and emerging equity markets with the MSCI World price index posting a 13.87% return in USD terms and the MSCI Emerging Markets posting a double digits rebound (+22.12% in USD terms), the Sub-Fund returned a negative 3.71% (B share USD) as ongoing charges for the fiscal year were higher than the gross performance posted by the Sub-Fund. The sharp decrease in the Sub-Fund's AUM added to counter performance. AUM decreased by 54.55% over the fiscal year and reached USD 894,409.60 as of 30th April 2018.

Many drivers have brought back some volatility on long-only funds. Economic uncertainty and geopolitical tensions have forced many players to play the good old US vs EU spread and correlation while spending a lot of premium on hedging.

The Target funds we hold have a substantial TER and have faced many redemptions that had as a consequence provoked some drawdowns on our fund. However, we were not able to shift or substitute any of our positions due to the lack of AUM or available liquidity in the Sub-Fund.

We have tried to keep a balance within the different asset classes and avoid any cost of opportunity.

Turning to portfolio positioning, at the end of the period under review, the Sub-Fund had around 62% of its assets exposed to equities including a 100% exposure to emerging markets, 0% exposure to western markets (Europe and the US) and 0% exposure to the gold mines sector. Elsewhere, the Sub-Fund had 18% on absolute return strategies and over 20% on different segments of the bond markets. There were around 1.58% held in cash at the end of the period under review.

WSP – Dynamic Portfolio

Whereas the past twelve months were highly volatile for both developed and emerging equity markets with the MSCI World price index posting a 13.87% return in USD terms and the MSCI Emerging Markets posting a double digits rebound (+22.12% in USD terms), the Sub-Fund returned a negative 24.94% (B share USD) as ongoing charges for the fiscal year were much higher than the gross performance posted by the Sub-Fund. The sharp decrease in the Sub-Fund's AUM added to counter performance. AUM decreased by 48.95% over the fiscal year and reached USD 203,016.91 as of 30th April 2018.

Independent auditor's report

To the Shareholders of
WORLD STRATEGY PORTFOLIOS
And of **Global Strategy Risk 10% Portfolio**

Disclaimer of Opinion

We were engaged to audit the financial statements of WORLD STRATEGY PORTFOLIOS (“the Fund”) and the sub-fund Global Strategy Risk 10% Portfolio which comprise, the statement of net assets and the statement of investments and other net assets as at 30th April 2018 and the statement of operations and changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

We do not express an opinion on the accompanying financial statements of the Fund and of the sub-fund Global Strategy Risk 10% Portfolio. Because of the significance of the matters described in the “Basis for Disclaimer of Opinion” section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

Due to the illiquidity of Global Emerging Markets Real Estate Funds SICAV plc (“GEMREF”) whose redemptions have been requested by the Fund on 18th August 2011, 23rd December 2011 and 13th January 2012, a reimbursement plan was proposed by the Board of Directors of GEMREF. The receivables in the sub-fund Global Strategy Risk 10% Portfolio amounting to EUR 845,961.95, i.e. 31.72% of its total net assets as at 30th April 2018, are still to be received. The reimbursement plan was not fulfilled to date, thus we were unable to obtain sufficient appropriate audit evidence about the recoverability of these receivables as at 30th April 2018.

Moreover, as at 30th April 2018, the sub-fund Global Strategy Risk 10% Portfolio invested EUR 147,700.00 in CEEREF SA Reg, i.e. 5.54% of its total net assets. This security is illiquid and valued based on the decision of the Board of Directors of the Fund to apply a haircut on the nominal value of each CEEREF share, evaluating the nominal value per share at EUR 35. We were unable to obtain sufficient appropriate audit evidence about the fair value of this security as at 30th April 2018.

Responsibilities of the Board of Directors of the Fund for the Financial Statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of

Independent auditor's report (continued)

Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and the sub-fund Global Strategy Risk 10% Portfolio's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or the sub-fund Global Strategy Risk 10% Portfolio or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “Réviseur d’Entreprises Agréé” for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the financial statements of the Fund and of the sub-fund Global Strategy Risk 10% Portfolio in accordance with the Law of 23rd July 2016 and with International Standards on Auditing as adopted for Luxembourg by the CSSF and to issue a report of the “Réviseur d’Entreprises Agréé”. However, because of the matters described in the “Basis for Disclaimer of Opinion” section of our report of the “Réviseur d’Entreprises Agréé”, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the Fund and of the sub-fund Global Strategy Risk 10% Portfolio.

We are independent of the Fund and of the sub-fund Global Strategy Risk 10% Portfolio in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant for conducting our audit of the financial statements of the Fund and of the sub-fund Global Strategy Risk 10% Portfolio and have fulfilled our other ethical responsibilities under those ethical requirements.

Independent auditor's report (continued)

To the Shareholders of
Classic Portfolio, Dynamic Portfolio and Old Broad Street Investments Balanced Portfolio

Opinion

We have audited the financial statements of Classic Portfolio, Dynamic Portfolio and Old Broad Street Investments Balanced Portfolio (the “Sub-Funds”) each a sub-fund of WORLD STRATEGY PORTFOLIOS (the “Fund”) which comprise, the statement of net assets and the statement of investments and other net assets as at 30th April 2018, and the statement of operations and changes in net assets for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Sub-Funds as at 30th April 2018, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of 23rd July 2016 on the audit profession (Law of 23rd July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23rd July 2016 and ISAs are further described in the « Responsibilities of the “Réviseur d’Entreprises Agréé” for the Audit of the Financial Statements » section of our report. We are also independent of the Fund in accordance with the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our report of the “Réviseur d’Entreprises Agréé” thereon.

Our opinion on the financial statements of the Sub-Funds does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Sub-Funds, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material

Independent auditor's report (continued)

misstatement of this other information in respect to the Sub-Funds, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the Financial Statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Sub-Funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate any of the Sub-Funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'Entreprises Agréé" for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "Réviseur d'Entreprises Agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Funds' internal control.

Independent auditor's report (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.
- Conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "Réviseur d'Entreprises Agréé" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "Réviseur d'Entreprises Agréé". However, future events or conditions may cause any of the Sub-Funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

In addition to the present audit report on the financial statements of Classic Portfolio, Dynamic Portfolio and Old Broad Street Investments Balanced Portfolio, we have issued a disclaimer on the financial statements of the Fund and the sub-fund Global Strategy Risk 10% Portfolio for the year ended 30th April 2018. The disclaimer is included in page 8 of the annual report.

WORLD STRATEGY PORTFOLIOS

Notes to the financial statements

as at 30th April 2018

Note 1 - Significant accounting policies

a) Presentation of the financial statements

The financial statements of the SICAV are prepared in accordance with Luxembourg legal and regulatory requirements concerning undertakings for collective investment and with generally accepted accounting principles in Luxembourg.

b) Valuation of assets

- 1) The value of any cash in hand or in deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as the Board of Directors may consider appropriate in such case to reflect the true value thereof.
- 2) The value of securities which are quoted or dealt in on any stock exchange is in respect of each security, the last known price, and where appropriate, the middle market price on the stock exchange which is normally the principle market for such security.
- 3) The value of securities dealt in on a regulated market which operates regularly and is recognized and open to the public ("the regulated market") is based on the closing price on the relevant Valuation Day.
- 4) In the event that any of the securities held in the SICAV's portfolio are not quoted or dealt in on any stock exchange or other regulated market or if, with respect to securities quoted or dealt in on any stock exchange or dealt in on any other regulated market, the price as determined pursuant to sub-paragraphs 2) or 3) is not representative of the fair market value of the relevant securities, the value of such securities is determined based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the SICAV.
- 5) Units/shares issued by any open-ended UCI are valued at their last available net asset value at the relevant Valuation Day, as reported or provided by such underlying funds or their agents.

c) Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each Sub-Fund that are denominated in currencies other than the reference currency of the Sub-Fund is converted into this currency at the exchange rate prevailing on the date of purchase.

d) Net realised gain / (loss) on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost and are recorded net in the statement of operations and other changes in net assets.

e) Investment portfolio income

Dividend income is recorded at the ex-date, net of any withholding tax.

Interest income accrued and payable is recorded, net of any withholding tax.

WORLD STRATEGY PORTFOLIOS

Notes to the financial statements (continued)

as at 30th April 2018

f) Formation expenses

The formation expenses are amortised on a straight line basis over a period of five years.

If the launch of a Sub-Fund occurs after the launch date of the SICAV, the costs of formation in relation to the launch of the new Sub-Fund is charged to such Sub-Fund alone and may be amortised over a maximum of 5 years with effect from the Sub-Fund's launch date.

g) Conversion of foreign currencies

Cash at banks, other net assets, liabilities and the market value of the securities in portfolio expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing at the date of the financial statements. Income and expenses expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the transaction. Net realised gains or losses on foreign exchange are recorded in the statement of operations and other changes in net assets.

h) Combined financial statements

Notes to the financial statements (continued)

as at 30th April 2018

For the investment management and promotion/distribution services, the Management Company will receive the following annual rates ("Annual Fee"), payable monthly and calculated on the average monthly net assets of each Sub-Fund:

All of the fees described above represent the comprehensive total fees as regards the investment management and promotion/distribution of the relevant Sub-Fund. Out of the Annual Fee, the Management Company will remunerate the Investment Managers, Global Distributor and the Distributors as further disclosed in the respective agreements with the different service providers.

Where the Sub-Funds, in accordance with their investment policy, invest into shares/units of other UCIs or UCITS that are related by their management to the SICAV or the relevant Sub-Fund, the maximum level of the total management fees that may be charged both to the relevant Sub-Fund and to the other UCIs or UCITS in which it invests may not exceed 3% of the net asset value of the relevant Sub-Fund.

Note 3 - Performance fee

The Sub-Funds are subject to a Performance Fee equal to 20% of the amount by which the particular Sub-Fund achieves a return of greater than 8% within one financial year based on the increase in the Net Asset Value of the relevant Sub-Fund.

There is an out-performance of the Net Asset Value of the Sub-Fund ("NAV") if the NAV has increased by more than 8% when comparing the NAV on the last Valuation day of a given financial year with the NAV on the last Valuation day of the previous financial year ("Reference NAV"). If there is an underperformance for a given period or given financial year, the Reference NAV is maintained ("High Water Mark") until a new out-performance of greater than 8% has been achieved at the end of a financial year.

The amount of the Performance Fee is accrued on each Valuation day, based on the average of the outstanding Shares for that day. A Performance Fee starts to be accrued from the first Valuation day when the NAV performance for the financial year to date exceeds 1/360th of 8% above the Reference NAV, so that investors who subscribe or redeem during the financial year are treated fairly. The Performance Fee accruals are revised on each Valuation day and are recalculated as appropriate so as to reflect at any time the virtual Performance Fee amount that will respectively be due at any Valuation day.

This investment is included in the item "Securities portfolio at fair value" of the statement of net assets of the Sub-Fund. Its value described above has been determined in accordance with the valuation principles disclosed in note 1)b)4).

The above security has been in the portfolio of the Sub-Fund for years.

Considering that despite the efforts of the Investment Manager of the Sub-Fund and the Management Company, the security is currently unlikely to be sold. Moreover its price has remained unchanged for years amounting to EUR 62.00-.

Considering that a corporate action took place in June 2015 with the issuance of 570,000.00 shares with a nominal value of EUR 35.00-, the CEEREF share market value should have been revaluated in the best interest of the investors of the Sub-Fund.

On 12th January 2017 the Board of Directors of the SICAV resolved through a circular resolution to apply a haircut on the nominal value of each CEREEF share, evaluating the nominal value per CEREEF share at EUR 35.00-.

During the year under review, no reimbursement has been made. The shareholders of GEMREF have resolved, through an extraordinary general meeting held on the 28th January 2014, to liquidate GEMREF and appoint a liquidator. The financial statements of GEMREF until the date of its liquidation have been finalized and the liquidation process should start shortly. On 9th March 2015, the liquidator informed the Management Company that the liquidation process is currently under discussion with PricewaterhouseCoopers Malta.
